## Practice Peace 2017/18

International training for youth workers, activists and multipliers

28.10. – 03.11.2017 // 03.02. – 08.02.2018

Krzyżowa (Poland) // Novi Sad (Serbia)

**We are happy to invite you to an international training on anti-discrimination, conflict resolution and peace!**

- What?** What is discrimination and how can it be effectively countered? That is the guiding question of the two-stage training course *Practice Peace*. It offers an opportunity to:
- ✓ Deepen your understanding of conflict resolution, discrimination and peace;
  - ✓ Acquire educational tools how to work on and counter discrimination;
  - ✓ Network and develop own ideas with participants from six different countries.
- The first stage consists of a simulation game. The participants immerse themselves in a scenario from the Northern Ireland Conflict and take the role of real-life figures. They acquire an understanding of social, religious and political discrimination and develop strategies how to counter discrimination effectively. In the second stage, participants get to know practical anti-discrimination methods from the Theatre of the Oppressed and learn how apply them in their individual work context.
- How?** We will actively involve the participants and engage our brains, hearts and bodies. Apart from a simulation game and theatre education, our methodological approach includes theoretical inputs, discussions, workshops, reflections, best-practice examples, excursions, cooperation games, open space and others. The seminar language will be English.
- Where?** International Youth Education Centre Krzyżowa (Poland) and Novi Sad (Serbia)
- When?** 28/10 – 03/11/2017 and 03/02 – 08/02/2018
